Reference	2355
Composition	PE
Material	PE
Average weight	0.035
Dimensions	39 x 29 x 0,6CM
Country of origin	China
Carton	205 pieces

DESCRIPTION

The Faltbar foldable seat cushion is made for outdoor events: lightweight and comfortable, it is manufactured from XPE foam (PE) with a thickness of 6 mm and measures 39 x 29 x 0.6 cm. Its flat profile with rounded corners and four-panel folding design make it easy to carry and well suited for stadium seats, benches or outdoor seating. The synthetic material is simple to clean with a damp cloth.

The cushion folds flat for compact transport and provides a thin insulating layer against cold or damp surfaces; its subtly textured surface helps reduce slipping. Available in several colours, for example Black, Grey Stone and Baby Blue, it is practical for distribution at festivals, sporting events or outdoor promotions.

Customisation is possible via screen printing (personalised seat cushion), making it suitable for companies, clubs, associations, schools, youth movements and event organisers. Minimum order: 103 pieces (colours and sizes combined).

COLOURS (3)

Black

Stone Grey

Baby Blue
