DESCRIPTION

The Nawkey rectangular keyring in walnut wood is designed as a promotional or corporate gift. At 11 x 3 x 0.4 cm it has a slim profile that is comfortable to handle; the wood finish highlights the natural grain for a restrained, lasting look. The piece pairs a wooden tag with a PU strap holding a metal split ring, creating a lightweight yet sturdy accessory.

Practical details include rounded corners, smooth edges and a riveted PU strap that secures the ring. The keyring slips easily into pockets or bags and requires minimal care (wipe dry or with a slightly damp cloth if needed).

This personalised keyring can be customised by DTF printing, doming, laser engraving or pad printing and suits companies, clubs, associations and events seeking a useful branded item. Minimum order: 250 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
