DESCRIPTION

Compact travel bag made from RPET, sized 40x15x30 cm for cabin luggage and featuring a dedicated 15" laptop compartment. Its rectangular shape keeps contents organised and makes it suitable for short business trips or weekend travel, while the RPET material offers easy maintenance and a practical finish.

The bag includes a large front zip pocket and two small side pockets for chargers and accessories. Reinforced carry handles and a padded, removable and adjustable shoulder strap allow hand or shoulder carry; a trolley sleeve at the back secures the bag to a suitcase. Visible zips and straightforward stitching make it robust for regular use.

This personalised travel bag can be customised by screen printing (object), multicolour transfer or DTF printing — suitable for companies, clubs, associations, events and private customers. Minimum order: 5 pieces (colours and sizes combined); lower quantities may be possible with additional charges. Free quote within 24 hours on weekdays; standard production 10 working days, collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
