Country of origin	China
Carton	50 pieces

DESCRIPTION

The Powerplus 5000 mAh wireless charger combines a slim profile with recycled aluminium construction: compact dimensions of 12 x 6.5 x 0.9 cm and 15W wireless charging for compatible smartphones. It features a Type-C input and two outputs (1 x Type-C and 1 x Type-A) so devices can be charged both wirelessly and by cable; output current DC5V/2A. The aluminium casing provides a sturdy yet lightweight feel, convenient for everyday carry.

The product image shows a low-profile design with a circular charging pad, LED status lights and a control button on the edge, plus the Type-C and Type-A ports aligned on one side — practical elements for mobile and desk use. Its compact size fits easily in bags or pockets.

This personalised wireless charger is suitable for laser engraving, pad printing, digital printing and doming to apply your logo. Available in several colours (Black, Matte Silver, Navy Blue). Minimum order: 25 pieces (colours and sizes combined). Recommended for companies, sports clubs, associations, events and private customers looking for a useful promotional item.
