Country of origin	China
Carton	10 pieces

DESCRIPTION

The Tuono 4-in-1 wireless speaker is a compact, feature-rich unit for home or office use. Housed in ABS, it pairs a hard top plate with a fabric-wrapped front that houses a digital clock and temperature display. Features include a 5W speaker, weather station, ambient light and a 15W charger, powered by a 1,200 mAh Li-ion battery delivering around 7 hours of playback. Its oval shape and small feet provide stable placement on bedside tables or desks, and upkeep is limited to occasional dusting.

Dimensions are 20 x 9.8 x 6.4 cm. The product is available in 1 colour (for example white) and offers a clean, discreet design suited to everyday environments where a neat finish matters.

The Tuono works well as a personalised speaker using digital printing, doming or pad printing (tampography). Minimum order quantity: 5 pieces (colours and sizes combined). Suitable for companies, sports clubs, associations, events and private customers. Our graphic studio can retouch or vectorise your logo; we provide a free quote within 24 hours on weekdays and offer workshop collection in Evere or delivery to Belgium, France and Luxembourg.
