Material	Recycled Cotton
Average weight	0.066
Dimensions	37 x 41CM
Country of origin	China
Carton	200 pieces

DESCRIPTION

Unisex drawstring bag made from 70% pre-consumer recycled cotton and 30% RPET, with a simple, flexible cut measuring 37x41 cm for everyday use. The bag features a flat body without gusset and thick braided cords that act as both closure and straps. The fabric has a natural, matte appearance; note that the item may shrink slightly after printing.

Practical details include reinforced edge stitching, cotton braided cords and a small side label. The flat format makes it easy to store and provides a large printable front area. Care is straightforward: wash at low temperature when needed to preserve shape and print.

This personalised drawstring bag can be customised by screen printing, multicolor transfer, flex or DTF printing depending on the desired finish. Suitable for companies, sports clubs, associations, events and private individuals. Minimum order quantity: 100 pieces (colours and sizes combined) — single-piece orders are not available.
