DESCRIPTION

This ceramic beer stein in stoneware holds 500 ml and features a generous handle for comfortable grip. A special coating provides a smooth, glossy surface suitable for high-quality decoration; care should follow the marking provider's recommendations to preserve the finish. The model is available in 1 colour (white).

The shape is a traditional straight-sided stein with a subtly reinforced base for stability and a wide opening for easy drinking. The glazed finish delivers an even print surface without altering the stein's ergonomics.

This personalised mug is decorated mainly by sublimation, ideal for vivid full-colour designs and gradients. Suitable for companies, sports clubs, associations, events and private customers. Minimum order: 3 pieces (colours and sizes combined). Our studio can retouch or vectorise your artwork prior to production.
