Country of origin	China
Carton	1000 pieces

DESCRIPTION

This recycled aluminium keyring offers a lightweight yet sturdy solution for everyday use. The Tokley model includes a built-in trolley token and a secure metal split ring for attaching keys. Size: 6.9 x 2.3 cm; available in several colours such as Black and Silver. It cleans easily with a damp cloth and keeps a durable, low-maintenance finish.

The pictured item shows clean-cut edges and a consistent thickness that withstands frequent handling while remaining slim for easy storage in a pocket or wallet. The flat silhouette limits bulk without compromising robustness.

This personalised keyring can be marked by laser engraving or pad printing depending on the desired look. Ideal for companies, sports clubs, associations, events and private customers. Minimum order: 500 pieces (colours and sizes combined); free weekday quotations and options for collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
