DESCRIPTION

The Level 1 L sports bottle in RPET (Ø7.8 x 26 cm) is designed for everyday use: a 1-litre capacity, a visible time/volume graduation to monitor hydration, and a flip lid that opens one-handed. It features a safety lock and carry handle for transport, and an anti-leak design suited to commuting, workouts and office use. The RPET gives a slightly matte finish and a secure grip.

Practical details include a vertical graduated scale moulded into the side, an ergonomic spout beneath the lid and a stable base. The flip-top has a click-lock mechanism to prevent accidental opening, and the slim cylindrical shape fits most cup holders and bag pockets.

The Level can be personalised by tampography, digital printing or doming — a good choice for companies, sports clubs, associations, events and private customers. Note: minimum order 20 pieces (colours and sizes combined). Our graphic studio can retouch or vectorise your logo; collection is possible from our Evere workshop or we deliver to Belgium, France and Luxembourg. Personalised bottle
