DESCRIPTION

This bamboo keyring with charging cable, model Bupow, offers a practical, natural solution for on-the-go charging. Measuring 5.8 x 3.9 x 0.97 cm, it features a metal keyring and an integrated multi-connector cable housed in a slim bamboo casing, giving a smooth, tactile finish that wipes clean easily.

The flat profile and keyring attachment make it simple to carry on keys or bags without added bulk. The item's edges and precise cut-out keep the cable secured and protect the connectors when stowed, as visible on the product image.

Customisation is available via digital printing, doming, laser engraving and pad printing, making this personalised phone accessory suitable for companies, clubs, associations, events and private individuals. Please note: minimum order 100 pieces (colours and sizes combined).
