DESCRIPTION

Reusable sticky roller designed to remove lint and dust from clothing and soft furnishings. The Croll model is made from polypropylene (PP) and features a washable sticky sleeve measuring 10 x 3 cm; compact, lightweight and easy to store thanks to its folding protective case.

The photo shows a simple hinged lid and roller axle, with no electronic parts. Care is straightforward: rinse the sticky sleeve under water, allow to dry, then replace — the roller is reusable and suitable for regular use.
