Average weight	0.11
Dimensions	21 x 11,3 x 8,8CM
Country of origin	China
Carton	50 pieces

DESCRIPTION

The Sostener bicycle smartphone case protects phones up to 6.7 inches and is made from ABS with a clear front pocket and a 360° rotating mount for secure handlebar attachment. Rated IPX6, it resists splashes and rain during outdoor rides while remaining compact at 21 x 11.3 x 8.8 cm to avoid obstructing the rider.

The top locking mechanism keeps the case sealed and the device in place, while the transparent window allows touch use without removal. The handlebar clamp is adjustable for various tube diameters and the ABS surface is easy to wipe clean after use.

This personalised smartphone case can be decorated by pad printing or screen printing on the object, making it suitable for companies, cycling clubs, events or corporate gifts. Minimum order: 25 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; standard production in 10 working days. Collection from our Evere workshop or delivery in Belgium, France and Luxembourg. Our design studio can vectorise your logo if required.
