DESCRIPTION

The Faze reusable cleansing pads are designed for facial care: three 8 cm diameter rounds made from 70% bamboo fibre and 30% cotton, supplied in a cotton pouch measuring 12 x 14.5 cm. Their soft, round finish provides a gentle touch for make-up removal and daily cleansing, and they are intended for repeated use.

The drawstring pouch makes storage and transport simple, while the stitched edge on each pad helps maintain shape through washes. Their small size is convenient for travel, event-use or inclusion in toiletry kits.

These items can be customised — personalised cleansing pads — using screen printing on objects, multicolour transfer, DTF printing or flex. Ideal for companies, clubs, associations, events and promotional gifts for individuals. Minimum order: 100 pieces (colours and sizes combined); not available as single items.
