Composition	Stainless steel
Material	Stainless steel
Average weight	0.055
Dimensions	11 x 2,5 x 1,2CM
Country of origin	China
Carton	200 pieces

DESCRIPTION

Stainless steel sommelier, Blaiter model, intended for kitchen and bar use. The curved handle features a bamboo inlay set into a stainless steel frame, providing a comfortable grip and a natural look. It includes a small folding knife, a corkscrew with a spiral helix and a double-lever mechanism to ease bottle opening. Compact dimensions: 11 x 2.5 x 1.2 cm — convenient for a service drawer or a sommelier kit.

The metal finish combined with the bamboo panel offers secure handling; visible rivets strengthen the assembly. Care is straightforward: wipe dry after use and avoid prolonged immersion of the bamboo in water to preserve the wood.

Customisation available by laser engraving or pad printing on the metal or bamboo surfaces. Suited to corporate gifts, hospitality, wine clubs, associations and events; minimum order: 100 units (colours and sizes combined). Free quote within 24 hours on weekdays and in-house graphic studio to vectorise your logo.
