DESCRIPTION

Double-walled cup in PP with a 300 ml capacity and dimensions Ø8 x 12 cm. Its rounded shape provides a comfortable grip and the sliding lid opening allows easy sipping, making it suitable for conferences, corporate breakfasts and everyday office use. The double-wall design helps maintain drink temperature compared with a single-wall cup.

The cup is available in several colours (for example black, white, navy) and has a smooth, minimalist finish. A subtle seam near the base indicates the double-wall construction, and the lid fits securely to reduce spills during transport.
