DESCRIPTION

This 4-in-1 60W keyring cable combines a round bamboo housing with three integrated cables: a 2-in-1 Type-C & Type-A input and outputs for watches (Samsung® and Apple®), Type-C and micro-B. Its compact dimensions (4.4 x 1.3 x 26.8 cm) and metal keyring make it a convenient, portable phone accessory with a natural bamboo finish that cleans easily with a soft cloth.

The photo shows the circular bamboo body from which three black-sheathed cables extend, including a magnetic charging puck for compatible watches. Available in two colours (Black, White), the unit is designed for everyday carry; proper storage will help preserve connector ends and cable integrity.

This product can be personalised by laser engraving, pad printing (tampography), digital printing or doming, depending on the desired effect.
