DESCRIPTION

Compact beech wood bottle stopper (Ø2.5 x 3 cm) with a rounded head and a smooth, cylindrical lower section designed to seal standard bottles. The wooden construction gives a natural feel; clean with a damp cloth and avoid prolonged immersion to preserve the material.

Its plain, functional shape and raw finish suit hospitality gifts, kitchen use or promotional packs. There are no moving parts or metal fixtures — a simple, reliable accessory for bottles with a narrower neck (Ø specified).

This stopper can be personalised by laser engraving or pad printing. It is suitable for companies, events, associations, clubs and private customers looking for a personalised kitchen utensil. Minimum order: 250 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
