Reference	2460
Composition	PU
Material	PU
Average weight	0.011
Dimensions	9.3 x 2CM
Country of origin	China
Carton	1000 pieces

DESCRIPTION

The Strokey keyring is a simple PU accessory designed for everyday use. The flat loop of synthetic material is folded and secured with a metal rivet to a round split ring, offering a practical, compact solution for keys and small items. Measuring 9.3 x 2 cm, it is discreet and easily carried in a pocket or bag. It is available in several colours, for example brown, black and navy blue.

The visible construction (folded strap and exposed rivet) gives a neat, durable appearance. The metal ring ensures secure attachment of keys, and the smooth PU surface wipes clean with a damp cloth. This is a non-textile item.

This personalised keyring can be decorated by laser engraving, pad printing or embossing, depending on the desired finish. Suitable for companies, sports clubs, associations or events looking for a refined promotional item. Minimum order quantity: 500 pieces (colours and sizes combined). Contact us for a free quote and graphic studio support for artwork preparation.
