Reference	2463
Composition	PET
Material	PET
Average weight	0.007
Dimensions	13 x 3 x M
Country of origin	China
Carton	1000 pieces

DESCRIPTION

The Takeoff key tag is a practical personalised key tag made from double-layer PET, measuring 13 x 3 cm. Its long, flat shape with visible stitching and a metal eyelet makes it easy to handle and attach to a key ring. It comes in several colours (for example Black, Red, Royal Blue).

The sample shows stitched edging that secures the layers and reinforces the eyelet. Lightweight yet durable, it is suitable for everyday use on keychains, bag tags or sports kit. Care is straightforward: spot-clean with a damp cloth as required.

Ideal for companies, clubs, associations and events, this personalised key tag can be marked by DTF printing, flex, screen printing on objects or multicolour transfer. Minimum order: 500 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; graphics studio available to vectorise your logo, collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
