## DESCRIPTION

This ABS keyring spirit level, model Magevel, is a compact tool to keep a bubble level on hand. Made from ABS and measuring 7.6 x 4.3 x 1.8 cm, it features a ruler on the base for quick checks and a metal ring for attachment to keychains. It comes in several colours — for example black, white or yellow — to suit different uses.

The sturdy design and recessed tubes protect the vials from accidental impact during everyday use. No special care is required: wipe with a damp cloth to keep the ABS surface clean. Its light weight and compact proportions make it convenient to carry on-site or during events.

Customisable for companies, sports clubs, associations and events, this personalised tools and torches item can be marked by digital printing, pad printing or doming. Minimum order: 100 pieces (colours and sizes combined). A free quote is available on weekdays.
