DESCRIPTION

This paper tube contains six short coloured pencils and a sharpener integrated into the transparent cap. Its compact dimensions (2.7Ø x 10.4 cm) make it easy to carry in a pencil case or bag for children; the paper construction gives a matte, understated feel and requires simple care (keep dry). The Negro model is available in several colour options.

The tubular design combines a paper body with a plastic cap that houses the sharpener — convenient for distribution at events or as part of educational packs. The pencil tips are ready to use, making this set suitable for workshops, school activities and promotional giveaways.
