DESCRIPTION

The Tooldera barbecue set is made from stainless steel and includes a knife, fork and sharpening steel, each fitted with wooden handles. Intended for outdoor and leisure use, the wooden handles provide a natural grip while the stainless steel components offer long-lasting performance. Care is straightforward: wipe the steel clean after use and dry the wooden handles promptly to preserve them.

The three-piece set is presented in a rigid aluminium case with wood-effect inlay, with elastic straps and dedicated slots to hold each utensil securely. Metal latches and a carrying handle make transport and storage simple. Compact dimensions: 35.5 x 9.5 x 5.5 cm, convenient for vehicle storage or a garden shed.

As a personalised barbecue, the set can be customised by DTF printing, laser engraving, doming or pad printing on the case or handles. Suitable for companies, clubs, associations, events and private gifts. Minimum order: 4 pieces. Our graphic studio can retouch or vectorise your logo; free quote within 24 hours on weekdays.
