DESCRIPTION

This aluminium magnetic mini spirit level, Magnel model, is designed for practical everyday use. Compact (12 x 5 x 2.2 cm) and lightweight, it provides quick checks of horizontality and verticality with two bubble vials. The aluminium body offers a secure grip while reinforced synthetic end caps protect the corners. The attached carabiner allows easy carrying on a bag or keyring; it is not intended for climbing or as professional load-bearing equipment.

The photo shows a circular side opening for the vertical vial and a longitudinal vial recessed into protective notches on the top face. Subtle grooves on the body improve handling. Its compact dimensions make it suitable for a pocket or tool pouch and it is maintained simply by wiping with a dry cloth.

Personalise this mini tool for corporate gifts, events or promotional campaigns: personalised tool using laser engraving, pad printing, digital printing or doming. This promotional item has a minimum order quantity of 25 pieces (colours and sizes combined); smaller quantities can be arranged with additional fees. Ideal for companies, clubs, associations and individuals.
