Ref. 2484

Reference	2484
Composition	Wood
Material	Wood
Average weight	0.022
Dimensions	9,5 x 3,1CM
Country of origin	China
Carton	600 pieces

DESCRIPTION

This rectangular keyring combines a smooth rubberwood body with a zinc-alloy top and a standard metal split ring for everyday use. Measuring 9.5 x 3.1 cm, its elongated shape is comfortable to hold and slips easily into a pocket or bag. Care is straightforward: a quick wipe with a dry cloth keeps the wooden and metal parts in good condition.

The clean junction between the metal cap and the wooden body gives a minimalist, natural look without moving parts or extra fittings. The ring is a classic round type suitable for keys and small accessories, making the keyring practical for regular handling.

The item is customisable by laser engraving or pad printing, making it suitable for businesses, clubs, associations, events or corporate gifts. Promotional objects are sold with a minimum quantity per item — here 300 pieces (colours and sizes combined); smaller runs may be possible with additional fees. Free quote within 24 hours on weekdays and an in-house graphic studio to prepare or vectorise your logo. personalised keyring
