DESCRIPTION

The Maldi Beach tote is made from RPET-cotton recycled fabric with a rectangular shape and flat base (37x10x49 cm), sized for towels and beach essentials. The 320 g/m² weight and visible finishing suggest a structured hold; it comes in several colours (e.g. Grey, Turquoise, Beige). The bag includes both short and long handles so it can be carried by hand or over the shoulder.

The design shows reinforced side seams and a simple open top without a visible closure, making loading and access straightforward. The straight silhouette keeps contents stable and provides a large, flat area for branding that reproduces well.

This personalised sports and outdoor bag is available from a minimum order of 25 pieces (colours combined). Personalisation options include screen printing (screen printing), multicolour transfers, DTF printing, flex and embroidery — suitable for companies, clubs, associations, events and private customers. Our studio can edit or vectorise your logo to prepare it for production.
