Country of origin	China
Carton	30 pieces

DESCRIPTION

Compact desk accessory in ABS designed for desktop use. With dimensions of 8.6 x 6.3 x 18 cm and an integrated stand, this fan doubles as a phone support while providing targeted cooling at the workspace. It features a 2000 mAh rechargeable battery charged via USB and offers three speed settings to adapt airflow. Surface cleaning is sufficient for routine maintenance.

The straight handle includes a clearly placed button to change speeds; the cylindrical head contains blades to direct the airflow. The stable base keeps the unit upright on a desk, and the smooth ABS finish lends a clean, professional look.

As a personalised desk accessory, it can be customised by digital printing, pad printing (tampography) or doming. Suitable for businesses, events, associations, schools, sports clubs and private customers. Minimum order: 15 pieces (colours and sizes combined); free quote on weekdays.
