Reference	2500
Composition	Recycled Stainless Steel
Material	Recycled Stainless Steel
Average weight	0.183
Dimensions	Ø6.5 x 18.5CM
Country of origin	China
Carton	30 pieces

DESCRIPTION

The Spot 500 ml bottle in recycled stainless steel offers a lightweight, practical solution for everyday hydration. It features a single-wall cylindrical body and a screw cap with a foldable spout and integrated carry handle, convenient for commuting and outdoor use. As a single-wall bottle, some heat transfer may occur.

The narrow Ø6.5 x 18.5 cm profile fits easily into bags and cup holders. The cap's fold-up spout and molded carry loop make it user-friendly, while the recycled stainless steel body provides good durability for regular use. Care is straightforward: hand wash and allow cap and body to dry separately.

This personalised bottle can be customised by digital printing, laser engraving, screen printing for objects, pad printing or sublimation. Minimum order: 15 pieces (colours and sizes combined). Suitable for companies, sports clubs, associations and events — our graphic studio can vectorise and prepare your logo for production.
