Reference	2506
Composition	Borosilicate glass
Material	Borosilicate glass
Average weight	0.333
Dimensions	Ø7 x 15CM
Country of origin	China
Carton	30 pieces

DESCRIPTION

550 ml borosilicate glass tumbler, model Borosip, with compact dimensions (Ø7 x 15 cm). The clear glass body is paired with a silicone band for improved grip and slight impact protection, and the lid includes an aperture for the supplied borosilicate glass straw. It is available in several colours, for example black and white, and suits daily use for cold or lukewarm drinks.

The straight-sided shape and wide mouth make filling and manual cleaning straightforward. The silicone sleeve enhances handling and reduces marks, while the rigid straw and lid make it convenient for events, offices and take-away use. Practical proportions that work well for stands, hospitality and promotional giveaways.

Customisation available by screen printing on objects and pad printing. Recommended for companies, clubs, associations, events and private customers looking for personalised tumbler for marketing, gifts or merchandising. Note: minimum order 15 pieces (colours combined). Free quote within 24 hours on weekdays and our graphic studio can retouch or vectorise your logo.
