Reference	2513
Composition	ABS
Material	ABS
Average weight	0.354
Dimensions	12 x 6 x 10 CM
Country of origin	China
Carton	12 pieces

DESCRIPTION

The Wusic speaker is a compact ABS device designed for mobility and everyday use. Its oval shape pairs a rigid shell with a front covered in RPET polyester fabric for a textile feel and improved sound dispersion. It houses a 1200 mAh Li-Ion battery with a 5 W output, delivering around 4 hours of playback. Practical for offices, event stands or breakout areas, it can be wiped clean with a dry cloth.

The photo shows a model fitted with a jute carry handle for easy transport. The top panel features a bamboo surface that doubles as a 15 W wireless charger, giving the unit a natural finish. Its compact dimensions (12 x 6 x 10 cm) make it convenient to place on desks or tabletops.

The Wusic is available for branding by companies, clubs, associations or events using digital printing, doming, laser engraving or pad printing. Minimum order: 6 pieces (colours and sizes combined). Ideal as corporate gifts, event giveaways or promotional bundles.

COLOURS (1)

Black
