Country of origin	China
Carton	50 pieces

DESCRIPTION

The Athena Mid single-wall bottle has a 500 ml capacity and is made from recycled stainless steel. Its straight body with rounded shoulders and a screw cap gives a secure grip and leak-resistant closure for everyday use. As a single-wall bottle, some heat transfer between contents and the exterior can occur, so it is best suited for cold drinks and light transport. Dimensions Ø7 x 16.5 cm; material: recycled stainless steel.

The smooth finish and clean lines make the bottle easy to clean and maintain; the standard neck allows simple filling and pouring. The product is offered in several colours, including Black, Matte Silver and Navy, depending on available options.

This is a personalised bottle that can be decorated by digital printing, laser engraving, screen printing, pad printing or sublimation — we select the appropriate technique for the surface and colour needs. Ideal for companies, sports clubs, associations, schools and events. Minimum order: 25 pieces (colours and sizes combined); smaller quantities can be requested with additional fees. Free quote within 24 hours on weekdays, graphic studio available to vectorise your logo, pickup at our Evere workshop or delivery in Belgium, France and Luxembourg.
