Average weight	0.16
Dimensions	Ø7,2 x 22,3CM
Country of origin	China
Carton	50 pieces

DESCRIPTION

The Athena Plus bottle is made from recycled stainless steel and holds 750 ml in a slim, cylindrical form with a screw cap. As a single-wall bottle it remains lightweight and easy to carry, though some heat transfer may occur with very hot or cold drinks. Its matte finish and compact dimensions (Ø7 x 22 cm) make it comfortable to grip and simple to stow in a bag or cup holder.

The screw lid provides a secure, leak-resistant closure and the clean, minimal design simplifies hand cleaning. The bottle is offered in several colours such as Black, White and Matte Silver among other finishes. Note that this is a single-wall item and does not provide thermal insulation.

Available from a minimum order of 25 pieces, the bottle accepts precise, durable customisation: digital printing, laser engraving, screen printing (object), sublimation or pad printing. Suitable for businesses, sports clubs, associations, events and private customers looking for a personalised bottle as a promotional item or gift.
