DESCRIPTION

The Kira personalised cooler bag in RPET is designed for carrying drinks and meals at events, sports activities or cold deliveries. Constructed from RPET 300D polyester, it offers a 37-litre capacity and insulation provided by 3 mm foam laminated with an aluminium foil layer to help maintain temperature. Its rectangular shape and dimensions of 56 x 19 x 35 cm make it practical for a variety of packs and containers and suitable for unisex use.

The bag closes with a wide top zipper and features reinforced handles that run down the sides for stable load-bearing. The visible construction shows clean seams and a flat front panel that provides a useful area for branding. It is available in several colours, for example black and blue.

This personalised cooler bag can be customised by screen printing, multicolour transfer, DTF printing or flex, depending on the desired finish. Recommended for companies, clubs, associations, events and private customers. Minimum order: 20 pieces (colours combined).
