Country of origin	China
Carton	80 pieces

DESCRIPTION

The Cawatt wireless charger is a compact, travel-friendly kit measuring 11 x 8.3 x 2.7 cm, with a recycled ABS shell and a molded interior holding a 4-in-1 charging cable and a watch charger (Apple® only). The PU recycled and RPET cover gives it a neat, durable finish and makes it suitable for corporate gifting or event use where tidy, portable charging is required.

The photo shows the molded insert that secures the connectors and adapters, plus an integrated ejection tool for the cable. The fold-over flap keeps everything flat and protected; the layout simplifies storage and handling and the surfaces wipe clean with a soft cloth.

Customisation techniques available: laser engraving, pad printing, digital printing and doming. Ideal for companies, clubs, associations, events and promotional gifts. Minimum order: 40 pieces (colours and sizes combined). This item is a personalised wireless charger.
