Ref. 2540

Reference	2540
Composition	Recycled ABS
Material	Recycled ABS
Average weight	0.085
Dimensions	12,4 x 4,5 x 3,2CM
Country of origin	China
Carton	40 pieces

DESCRIPTION

Compact torch powered by both a solar panel and a hand-crank dynamo, made from recycled ABS with a built-in 40 mAh battery. Its ergonomic shape with ribbed sides provides a secure grip; three white LEDs are mounted at the front and a side switch controls the light. Size: 12.4 x 4.5 x 3.2 cm, designed for portable use and quick tasks.

The casing includes a convenient attachment loop for a keyring or carabiner and a small solar cell on top to help recharge the battery. The textured finish improves handling outdoors. Care is straightforward: wipe with a damp cloth if needed.

Customisation available by pad printing. Suitable for companies, sports clubs, associations, events and private customers as a promotional tool. Minimum order: 20 pieces (colours and sizes combined); smaller quantities may be possible with additional fees. Free quote within 24 hours on weekdays and an in-house design studio to vectorise or refine your logo. personalised torch
