DESCRIPTION

Five-panel cap made of PET, designed for everyday and sports use: a structured fit with a pre-shaped peak, four ventilated side panels with perforations and a reinforced front panel with two sewn eyelets. The fabric is quick-drying and treated to be water-repellent, making it well suited to outdoor activities. Dimensions: 21 x 16 x 11 cm.

The adjustable hook-and-loop fastening allows easy sizing; visible stitching on the peak and panels gives a tidy finish. Available in several colours — for example Black, White and Navy — with the minimum order quantity specified on the product sheet. Please note: minimum order 75 pieces.
