| **Dimensions** | Ø6.5 x 21CM |
| **Country of origin** | China |
| **Carton** | 40 pieces |

## DESCRIPTION

Collapsible silicone bottle with a 500 ml capacity, designed for on-the-go use. The flexible silicone body allows the bottle to be compressed for convenient storage, while the stainless steel cap provides a secure, durable closure. The ridged, foldable shape gives a comfortable grip and makes it easy to tuck into a gym bag or backpack. Care is straightforward: silicone rinses clean with warm water; avoid prolonged exposure to direct heat.

The bottle includes an aluminium carabiner (not suitable for climbing or professional use) for attaching to a bag. Its compact dimensions (Ø6.5 x 21 cm) make it practical for travel and outdoor events. Available in multiple colours, for example Black, Navy Blue or Dark Green.

Perfect as a promotional item for businesses, clubs and events: the personalised bottle can be marked by laser engraving and pad printing. Minimum order: 20 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; our design studio can vectorise or retouch your logo. Collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
