Reference	2572
Composition	Recycled Stainless Steel
Material	Recycled Stainless Steel
Average weight	0.175
Dimensions	Ø8.5 x 14CM
Country of origin	China
Carton	40 pieces

DESCRIPTION

This 350 ml double-walled cup is designed to keep drinks at temperature while remaining comfortable to hold. The inner wall is made from recycled stainless steel (90% recycled) with a ceramic coating, and the outer wall is polypropylene for a secure grip. With dimensions Ø8.5 x 14 cm it is easy to carry and use; hand washing is recommended to protect the ceramic finish.

The cup features a leak-resistant lid with a practical drinking opening and a smooth interior that simplifies cleaning. The ceramic lining helps prevent flavour transfer and protects the stainless interior. Available in several colours, including Black, White and Navy. Minimum order: 20 pieces (colours and sizes combined).

We can personalise this cup by screen printing or pad printing, ideal for companies, sports clubs, associations, events and personalised gifts for individuals. Contact us for a free quote within 24 hours on weekdays; our studio can also retouch or vectorise your logo for production.
