DESCRIPTION

The Lancup lanyard with a 6 cm silicone cup holder is designed to carry a bottle or cup securely. Made from PET with a 20 mm flat strap and an adjustable PP buckle, it allows comfortable neck wear and quick length adjustment — practical for events, trade shows or outdoor use.

Measuring 55 x 6 cm, the product features a circular silicone holder that grips the container without additional fastenings. The flat strap profile reduces twisting and keeps the holder stable while moving about.

This personalised lanyard is suitable for DTF printing, flex, screen printing on object, multicolour transfer and sublimation. Recommended for companies, sports clubs, associations, events and private customers. Minimum order: 250 pieces (colours and sizes combined) — free quote within 24 hours on weekdays and our design studio can retouch or vectorise your logo.
