Average weight	0.29
Dimensions	160 x 80CM
Country of origin	China
Carton	40 pieces

DESCRIPTION

The Waxoff double-sided microfibre towel is designed for sport and leisure use at the beach or pool. Made from PET and sized 160 x 80 cm, it pairs a soft velour side for comfort with a compact microfibre side for fast drying and low bulk when rolled. It features a snap-button closure and a retaining strap for neat storage and easy transport.

The generous rectangular cut provides full coverage and the cleanly finished corners help the towel fold and roll compactly. Lightweight and quick-drying, it fits well in a sports bag and keeps its volume to a minimum after use.

Customisation is available by embroidery, screen printing on objects, multicolour transfer, DTF printing or flex, suitable for companies, sports clubs, associations, events and private customers. Minimum order: 20 pieces (colours combined). A practical personalised towel for team gifts or promotional giveaways.
