Country of origin	China
Carton	100 pieces

DESCRIPTION

The Tagsmart smart tracker is a compact luggage tag designed to help locate baggage easily. Its PU shell with recycled polyester elements delivers a sturdy yet lightweight feel, and at 9.7 x 7.7 x 0.5 cm it fastens discreetly to handles using the attached strap visible on the photo. It works only with Apple devices via the Find My app and includes a 100 mAh Li-ION battery.

The slim profile and securing strap provide reliable attachment to various suitcases and bags; visible edges and stitching indicate a neat finish that resists snags. Care is straightforward—wipe clean with a damp cloth to maintain the PU surface.
