DESCRIPTION

Stainless-steel tea infuser shaped like a tea bag, designed for use with cups and mugs. Its perforated body ensures even infusion and easy drainage; the small drip saucer keeps surfaces clean. Compact dimensions (5.1 x 2.9 x 7.5 cm) with a silicone pull-tab for a safe, heat-free grip. Suitable for regular use at home, in offices or hospitality settings. Easy to clean: rinse after use and wash by hand or in a dishwasher according to your routine.

The design features fine perforations and a thin cable that lets you lift the infuser out of the cup without splashing. The included saucer allows convenient resting between uses and prevents stains. The infuser stands on its saucer, practical when preparing several drinks consecutively.

Can be customised by laser engraving or tampography. Ideal for businesses, cafés, hotels, associations and promotional events as a welcome gift or branded giveaway. Minimum order: 100 pieces (colours and sizes combined). personalised tea and coffee
