Country of origin	China
Carton	60 pieces

DESCRIPTION

Magnetic wireless charger in acrylic with an integrated phone stand, engineered to charge Qi-compatible devices at 9V/1.67A (15W). The Cryl model features a vertical rigid profile that holds a phone upright for easy viewing while charging. Made from acrylic, it remains compact yet stable thanks to its built-in base; overall dimensions are 12.4 x 6.9 x 7.1 cm, making it suited to desktop use.

The transparent construction reveals the charging coil and power cable, which aids ventilation during extended use; the hard acrylic surface wipes clean with a soft cloth. There is no special technical maintenance required beyond ensuring device compatibility and a suitable power source.

This personalised wireless charger can be marked by Digital printing, Doming or Pad printing (tampography) depending on the desired finish. Well suited to companies, trade shows, events, clubs and private customers looking for a useful promotional item. Minimum order quantity: 30 pieces (colours and sizes combined). Free weekday quotation and a graphic studio available for logo adjustments.
