DESCRIPTION

The Dadin is a 3 cm diameter wooden die made from schima, designed for indoor games. Its slightly rounded edges and smooth faces provide a comfortable grip for both children and adults. The natural wood is FSC®-certified (FSC 100%), giving it a warm look and easy maintenance—simply dust or wipe gently when required.

The die shows clear pips on each face with rounded finishing that reduces wear. Its compact 3x3x3 cm size makes it suitable for board game sets, educational kits or event activities. Please note: this item is sold in multiples with a minimum order of 250 pieces (colours and sizes combined).

Personalise this personalised dice using laser engraving for a precise, durable mark or pad printing (tampography) for surface decoration. Ideal for companies, sports clubs, schools, associations and events looking for a natural, playful promotional or educational item.
