Reference	2619
Composition	ABS
Material	ABS
Average weight	0.093
Dimensions	6,5 x 5,9 x 4,86CM
Country of origin	China
Carton	150 pieces

DESCRIPTION

This ABS magnetic phone mount is designed as a practical car accessory. The Magphone features a suction-based round base and includes an extra metal magnetic ring to support phones that do not have built-in magnets (compatible with iPhone® 12 and later models). Its compact dimensions (6.5 x 5.9 x 4.86 cm) keep it unobtrusive on the dashboard while holding a smartphone in a vertical position. ABS is simple to maintain with a wipe-clean finish.

The product image shows an articulated magnetic head allowing angle adjustment and a circular suction base for secure placement on smooth surfaces. The item is offered in several colours, such as Black and White, and is intended for everyday in-car use without any additional power source.

The Magphone can be customised by laser engraving or pad printing (tampography), making it suitable for companies, sports clubs, associations, events and corporate gifts. Minimum order: 75 pieces (colours and sizes combined).
