DESCRIPTION

Stainless steel tea infuser with a PP hook, designed to clip securely to the rim of a cup. The perforated cylindrical body allows even infusion while containing tea leaves. Its compact size (6.3 x 4 x 3.5 cm) suits mugs and small cups; the plastic hook gives a safe grip for removal and the unit is easy to rinse after use.

Offered in several colours, for example black, turquoise or lime. The stainless steel construction delivers durable performance and the perforations ensure smooth flow of liquid while keeping leaf particles contained for a tidy brewing experience.

Customisable by pad printing (tampography) on the plastic hook or rim. Well suited to businesses, cafés, clubs, associations and promotional events, as well as gifts for individuals. Minimum order: 75 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; our graphic studio can retouch or vectorise your logo.
