DESCRIPTION

The Corkpass is a travel accessory made from cork, designed to hold a passport and a few cards. Its compact dimensions (19.5 x 13.5 cm) and natural material make it lightweight with a pleasant textured feel. Cork can be wiped clean with a damp cloth; avoid harsh chemicals to maintain the natural finish.

The interior features a main passport pocket and two angled card slots secured by visible stitching along the edges. There is no additional closure, allowing quick access to the passport and a simple, durable construction suitable for regular use.

Available from a minimum order of 150 pieces. Customisation techniques offered: laser engraving, screen printing on object and pad printing. Recommended for companies, sports clubs, associations, events and corporate gifts looking for a personalised travel accessory.
