Country of origin	China
Carton	2000 pieces

DESCRIPTION

The Keyflect PVC keyring is a promotional reflective accessory designed for visibility and everyday practicality. Its slim rectangular shape and compact dimensions (8.5 x 2 cm) make it lightweight and easy to carry on a keyring or bag. The PVC material gives a smooth, durable surface that is simple to care for.

The item features a metal eyelet reinforced with a rivet and a standard split ring for attaching keys or clips. The reflective finish enhances lateral visibility, useful for outdoor events or as a safety giveaway. Available in several colours, including fluorescent yellow and fluorescent orange.

Customised by tampo printing, this personalised keyring suits companies, sports clubs, associations, schools and event organisers wanting a visible promotional item. Minimum order: 1000 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; our graphic studio can prepare or vectorise your logo prior to production.
