DESCRIPTION

The Retro retractable phone accessory is a compact ABS unit with an aluminium carabiner and a pull-reel, designed to keep a badge or phone handy without wear. At 6 x 16.2 cm it's easy to attach to a lanyard, belt or bag. The model comes in several colours and features a discreet, durable finish suited to everyday use.

The retractable reel lets you extend the item to use it and it returns automatically; the carabiner offers quick attachment (not intended for climbing or professional suspension). The lower section includes a small swivel clip/loop to fasten a badge, cable or accessory, combining plastic and metal parts for practical durability.

These personalised phone accessories can be marked by digital printing, doming or pad printing (tampography). Recommended for companies, clubs, associations, events and corporate gifts; minimum order: 300 pieces (colours and sizes combined). Smaller quantities may be possible with additional fees. Our studio can prepare or vectorise your artwork.
