DESCRIPTION

The Bangkok sports bag is a cylindrical holdall made from RPET 600D polyester with a PU coating and a 210D RPET lining, designed for everyday training and short trips. At 51 x 28 cm it accommodates kit and personal items comfortably. It features a large top zip opening, twin carry handles and an adjustable shoulder strap for flexible carrying options.

The bag includes a front zip pocket, one zippered side compartment and a mesh side pocket, plus an internal zip pocket for accessories. Carrying straps run along the body of the bag for even load distribution and the zips are finished to reduce water ingress. Care is simple: wipe clean for routine maintenance.
