Country of origin	China
Carton	500 pieces

DESCRIPTION

Braided PU Type-C to Type-C charging bracelet, unisex and designed to be worn on the wrist. The braided PU band with zinc-alloy fittings delivers a neat finish while remaining flexible for everyday use; wrist circumference is approximately 21 cm (overall length 23 cm ±0.5 cm). It combines a stylish accessory with a functional cable so you always have a charger to hand. Care is straightforward: wipe with a damp cloth when needed.

The visible clasp and reinforced connectors provide a clean fit around the wrist and make removal easy. The braided construction helps conceal wear from regular use and reduces visible abrasion. Compact and tangle-free, it stores easily in a pocket or bag.

Can be customised by laser engraving and pad printing. Ideal for companies, clubs, associations, events and private individuals. Minimum order: 250 pieces (colours and sizes combined). Our graphics studio can prepare or vectorise your logo for laser engraving or pad printing.
